

Privacy Policy / Consent Form for the survey relating to the Bachelor's thesis "Contextual Factors Influencing Developer Productivity with LLM-Based Coding Assistants"

1. Purpose and data controller

As part of the Bachelor's thesis "Contextual Factors Influencing Developer Productivity with LLM-Based Coding Assistants", the aim is to investigate how and for what purposes professional developers use LLM-based tools, what impact this has on productivity, performance, activity, satisfaction, efficiency and communication, and which factors influence the relationship between the use of these tools and the aforementioned dimensions. Furthermore, correlations between the effects of usage, experience, task complexity and organisational factors will be analysed.

Solely for the aforementioned research purpose, personal data will be processed by the University of Leipzig, Faculty of Mathematics and Computer Science, Chair of Software Systems, Prof. Norbert Siegmund (processing in the sense of collection, storage, modification and use). Voluntary and informed consent is required for this. The data will be used exclusively for the analysis and will not be passed on to your employer.

2. Data processing

This declaration of consent covers the processing of personal data collected via the 'Working with AI tools' questionnaire.

3. Anonymity

No direct personal data such as name or email address is collected.

4. Publication

The research findings will be published in the standard academic format. We guarantee that it will not be possible to draw any conclusions about natural persons from the publications.

5. Voluntary participation and withdrawal

Participation in the research project is voluntary. Non-participation has no consequences! This consent may be withdrawn at any time in writing and informally to the data-collecting body, with effect for the future. In this case, please send an email to ju48iqem@studserv.uni-leipzig.de requesting that your data be deleted.

6. Data Protection Officer and Data Protection Supervisory Authority

I am aware that I may contact the Data Protection Officer at the University of Leipzig¹ and the relevant supervisory authority² for data protection at any time.

7. Right of access

I am aware that I may at any time request information regarding the personal data processed about me, as well as the possible recipients to whom this data has been transferred, and that I am entitled to a response within one month of receipt of the request for information.
